

FREE DONOR MANAGEMENT ON THE NON-PROFIT CLOUD.

salesforce

**All your data. All in one place.
Always accessible.**

Click & Pledge offers **FREE** non-profit applications that deliver one central access point for all data, donor and volunteer information, recurring payments and much more.

Plus, it's fully integrated with a payment gateway and online suite of custom fundraising tools that deliver over 30 features – from customized forms and recurring payments to social fundraising and mobile giving.

The take-away? The most advanced donor management system available at a price that can't be beat.

Features:

- Access all data – payments, donors, volunteers, contacts, campaigns – in one place across your organization.
- Integrated payment gateway.
- Real-time analytics – 70+ custom reports and dashboards for non-profits to easily create and analyze data.
- Recurring payment transactions are automatically posted in real time.
- Virtual terminal – run secure transactions within Salesforce.
- Batch imports from your current databases.
- Access to Salesforce.com apps like Chatter, email, newsletters and more.
- AppExchange Marketplace offers hundreds of third-party apps.
- **FREE** support on Click & Pledge modules.
